

How People Respond to God

Matthew 13:1-23

What does each man have in common?

Which man do you think is a true believer in Christ and why?

What are the things that set the last man apart from the others?

Why is 13:10-17 in the middle of this parable? What does this tell us that helps our understanding of this parable of the sower?

Think about people that you have tried to help in their spiritual life. Can you think of someone who responded in each way?

Are there times when you respond to truth like one of the first three men? Talk to God about this.
