

Valley Bible Church – Music Lyrics

Big Mellow Church

A parody of “Big Yellow Taxi,” originally recorded by Joni Mitchell

They built a new church and put in a parking lot
With a wishing well, some antiques and a singing robot

Don't it always seem to go
That you don't know what you've got til it's gone
They built a new church and put in a parking lot

They took all the pastors and put 'em in a counseling center
And they charged the church members by the hour just to enter

Don't it always seem to go
That you don't know what you've got til it's gone
They built a new church and put in a parking lot

Hey preacher, preacher, put away that Bible book now
It scares off the new people who've come just to be put at ease (appease!)

Don't it always seem to go
That you don't know what you've got til it's gone
They built a new church and put in a parking lot

Last Sunday night I heard the preacher man
Say a big mellow church called and moving up is his plan

Don't it always seem to go
That you don't know what you've got til it's gone
They built a new church and put in a parking lot

Don't it always seem to go
That you don't know what you've got til it's gone
They built a new church and put in a parking lot

They built a new church and put in a parking lot (2x)
