

Lamb of God

When I think about the Lord and all I have
You know my past has been erased.
Now I'm walking by His grace.
And the things of this old world they fade away,
For in Him all things are changed by the power of His name

He's the Lamb of God, Kings of kings, Star of David
First Begotten of the Dead, Holy One,
My God, the Messiah, the Captain of our Salvation,
First and Last, Bread of Life, and He's my Lord.

There are kings who come to power then they fall
But there's One who stands alone,
Seated at His Father's throne.
But to those who call upon His holy name,
Yes to them he gave the right to be children of the light.

He's the Lamb of God, Kings of kings, Star of David
First Begotten of the Dead, Holy One,
My God, the Messiah, the Captain of our Salvation,
First and Last, Bread of Life, and He's my Lord.
He was born into this world so He could die
Freely gave His life away,
It was His choice to be made
He could easily have left us all behind,
But because His love is great, we will rise to celebrate.

He's the Lamb of God, Kings of kings, Star of David
First Begotten of the Dead, Holy One,
My God, the Messiah, the Captain of our Salvation,
First and Last, Bread of Life, and He's my Lord.
