Makin' Them A Business

*(A Parody of "Takin' Care of Business," recorded by Bachman-Turner Overdrive)
(John 2:14-17)*

You get up every morning from the alarm clock's warning
Makin' eight-fifteen, it's a pity
You try to get yourself above but you're not getting' what you love
Another day, you're stuck on a committee
But you can gain real fine if you will swallow my line
You can throw your stinking job out right away
Then you can fill the void by becoming self-employed
You'll love to work at something like Amway

Then you'll be makin' them a business everyday
Makin' them a business every way
You'll be makin' them a business, It's all mine
Makin' them a business, It'll eat up all your time
Get out

It's an easy transition if you make it your ambition
To recruit just the right kind of fellow
He'll be makin' you a ton
And you've only just begun
But you won't get it by being meek and mellow
When they see you they will run, MLM they've learned to shun
They'll tell you they'd like you to go away
Though your friends you will destroy, their money you'll enjoy
It's network marketing that's the way

And we'll be makin' them a business everyday
Makin' them a business every way
We'll be makin' them a business, It's all mine
Makin' them a business, It'll eat up all our time

You should dare to make friends your business
They'll go away
Anyway

I'll be keeping you from mourning if you'll listen to my warning
Livin' to serve others ain't real pretty
Discontentment's what I shove and it comes not from above
Yet my words may sound very witty
Oh, it's on greed I dine, I can make it sound divine
With self-indulgence I'll be leading you astray
Under the guise of helping people even under a church steeple
I can put a fellowship in disarray

Valley Bible Church – Music Lyrics

And I've been makin' them a business everyday

Makin' them a business every way
I've been makin' them a business, It's all mine
Makin' them a business, it ought to be a crime

Makin' them a business
Makin' them a business
Makin' them a business
Makin' them a business

Makin' them a business
Everyday
Makin' them a business
Everyway
Makin' them a business
It's all mine
Makin' them a business
It ought to be a crime
Makin' them a business

Makin' them a business

Makin' them a business
