

*Valley Bible Church – Music Lyrics*

**Submission**

*A Parody of “Tradition” from the musical “Fiddler on the Roof”  
(Philippians 2:5-8)*

**Submission, submission, submission  
Submission, submission, submission**

When I was little, I was given parents  
Who would guide and lead me where I was to go  
And yes there were times I didn't like their leading  
But I was called to just obey

**Submission, submission, submission  
Submission, submission, submission**

Then later on I hurried off to grade school  
Carrying a lunch box and a lot of books  
And there I would learn to listen to the teacher  
Each time she gave me dirty looks

**Submission, submission, submission  
Submission, submission, submission**

At last it was time to end my education  
It was graduation I was very glad  
For I was an adult I'd never have to follow anybody's lead again

**Submission, submission, submission  
Submission, submission, submission**

Then I got a job a working in an office  
One with lots of bosses it was all so new  
Then once again I had to learn submission  
Was the only thing to do

**Submission, submission, submission  
Submission, submission, submission**

And who did God prepare, a very special guy  
A man who I would marry and honor till I die

*Valley Bible Church – Music Lyrics*

So I can see submission is my calling  
What's the use of falling it is in God's plan  
I will submit although I must admit it's often very hard to do

**Submission, submission, submission**  
**Submission, submission, submission**
