

You Were There

From ancient history
You set Your sight on me
You formed my destiny
To make me Your own
While yet unformed was I
Conceived in sin to die
But the Apple of Your Eye
Such grace You have shown

Chorus:

**You were there - seeking out my very heart
You were reaching form the start
Seeing every sin and still you chose to love and save me
There - to make my mind conceive
And make my heart believe
Pouring grace and love and all the blessings that You gave me**

Jesus both God and man
You fulfilled the whole plan
You died but rose again
That I might live too
You never sinned or lied
And yet were crucified
"It is finished" then You cried
What more could you do?

(Chorus)

I never could repay
The price you had to pay
Just live for You each day
And walk in Your love
When facing the unknown
I never walk alone
It's clear I'm heading home
To heaven above

**You'll be there
Seeking out my very heart
And we'll never be apart
Then we'll comprehend the fullness of the gospel story
There - the crowns that we receive
We'll cast before Your feet
Resurrected we, with eyes unveiled will see Your glory**
