

Valley Bible Church - Sermon Study Questions

Study Aid for the Sermon from August 2, 2015 Sending the Okadas

Observing the text

Based on Genesis 12:3; Luke 1:32,33; Ephesians 1:6,12,14; Revelation 5:9, 7:9-10, what do you believe is God's mission?

Based on Matthew 28:18-20, what do you believe is the mission of the church?

Based on these verses, how long should the church be participating in this mission?

Applying the sermon

What are some of the difficulties that might be encountered by believing families who are uprooting themselves to minister in countries where the church is weak or non-existent?

How important is it for those believing families who have uprooted themselves to know that they are being supported by the local church they are leaving behind?

In what ways can a local church that is being left behind support those believing families who are seeking to minister in countries with a weak or non-existent church?

As our church seeks to minister to the Okadas, how will you actively seek to support those efforts? Why or why not?
